EDUCATION

Silver Oak University

Bachelor of Technology [Computer Engineering]

CGPA: 9.22

Honors: Artificial Intelligence and Machine Learning

Ahmedabad, Gujarat

2023 – 2026

Madhav International School

SSC & HSC Science [PCM] 75% & 60%

Ahmedabad, Gujarat

2020 – 2022

EXPERIENCE

Nxon Ai Pvt. Ltd.

AI/ML Developer Intern | Ahmedabad, India (On-site)

May 2026 – Present

- Developing and optimizing AI/ML solutions focused on **Computer Vision**, **Deep Learning**, and object detection using **YOLO** and **OpenCV**.
- Implementing **Python**-based pipelines for real-time image processing and model inference.
- Collaborating on end-to-end model deployment and performance tuning to enhance detection accuracy and speed.

Codesoft

Python Programming Developer Intern | Remote

Dec 2024 - Jan 2025

- Developed Python applications focusing on algorithms, data handling, and logic building.
- Wrote modular, reusable code for improved readability and maintainability.

PROJECTS

FocusVision - AI Productivity Tracker | Python, OpenCV, TensorFlow

- Built a real-time focus detection system using face and eye tracking.
- Implemented distraction and absence detection with live analytics dashboard.

ANPR – Automatic Number Plate Recognition | Python, YOLO, OpenCV, OCR

- Developed an end-to-end ANPR system to detect and recognize vehicle number plates from images and real-time video streams using YOLO V5 for plate localization, OpenCV for image preprocessing, and OCR for character extraction.

Expense Tracker | HTML, CSS, JavaScript, React.js, Node.js, MongoDB

- Developed a full-stack web app with authentication and expense categorization.
- Created real-time summaries and responsive UI for financial insights.

Python Mini Projects | Python, OpenCV

- Face Detection system, a To-Do List app, an interactive Tic-Tac-Toe game, a Rock-Paper-Scissors game, and a secure Password Generator.

SKILLS

Languages: Python , JavaScript

Web Technologies & Frameworks: React.js, OpenCV, TensorFlow, MongoDB, HTML5, CSS3 , TailwindCSS

Developer Tools: Git, GitHub, VS Code

Core Computer Science: OOPS, Machine Learning, DBMS, Operating Systems, Computer Networks

Specialization: Artificial Intelligence & Machine Learning

ACHIEVEMENTS

Google Data Analytics Professional Certificate — Coursera | [LINK](#)

AWS Academy Cloud Foundations | [LINK](#)
